

Harmos

the human flag project

A Community Based Performance

HARMOS is the Greek root for harmony, which is the basis for all healing and refers to bringing together people, concepts, and objects previously having a separate existence.

HARMOS explores and values global themes of peace, reconciliation and compassionate action for the world, towards others and for our own lives.

HARMOS helps us remember and honor people whose lives changed with the use of nuclear weapons.

phase I Gathering Peace Voices and Images

Engaging the public in contemplating peace through writing and art and the creation of peace flags

phase II Preparing for Community Performance

Putting images, words, and performance elements together in preparation for the community ritual performance.

phase III The Community Performance

Sharing the community ritual performance, August 4,5,6 at IFCC, Buckman School, and the River Front.

Partner Participation is needed to gather volunteers, host art workshops, host Peace Stations, promote workshops and the final event in newsletters, to mailing and e-mail lists, and contribute financially.

Volunteers are needed during all three phases of the project to help with the following: Peace Stations, art workshops, distribute flags and flyers, set and costume construction, documentation, event participation, marketing and PR.

Partnering Organizations:

- Physicians for Social Responsibility (PSR)
- SUN- Schools Uniting Neighborhoods (Buckman)
- Interstate Firehouse Cultural Center (IFCC)
- Fellowship of Reconciliation (FOR)
- American Friends Service Committee (AFSC)
- Women's International League For Peace And Freedom (WILPF)
- Living Earth
- Japanese American Citizens League (JAACL)

Artists/Organizers: Chisao Hata, Ping Khaw, Kestrel Gates & Lâm Quàng
